

Briton Nips Russ Bid to Divide West

BERLIN, Feb. 15 (AP)—Soviet Foreign Minister V. M. Molotov asked the western powers Monday to reconsider their rejection of his plan for a European security system and offered to amend it to make it more acceptable.

From UP and AP Reports
BERLIN, Feb. 15—British Foreign Secretary Anthony Eden warned Russia today that his government will reject any Soviet attempt to break up the western alliance.
 Eden gave his warning to Soviet Foreign Minister Vlashevsky at a plenary meeting of the big four foreign ministers' conference.
 A Russian plan for European "security," Eden said, is simply aimed at getting the United States out of the west European defense pact.

Demos Giving Treaty Action New Backing

Critic Attacks
Actually, the Moscow correspondent "persistently attacked the existence of the military bases upon which the proposed treaty had included a provision which would specifically restrict member nations to pull out of NATO."
"I have not come to Berlin to discuss the military bases," he said. "NATO is something for which the whole free world is responsible."
His offer for an extension of the British-Soviet friendship treaty was "not intended to be a threat, but the means of ensuring our own safety and freedom."
He also said, "Soviet military intentions in Germany and Austria."

As evidenced by their refusal to roll back power at any point—as regarded by U. S. Secretary of State, Dean Acheson, as one of the most important achievements of western diplomacy at the Big Four conference.

The American press here is also convinced that this English will clear away any clouds of uncertainty in the Pentagon over what America's future military policy should be and will permit planning for the maintenance of strong U. S. forces in Europe.

American officials felt this is one of the results of the diplomats and pressmen meeting here on European issues, which they believe the United States, Britain and France must face.

Monday the Western press went into a new secret session with Molotov to agree that the Soviet Union has no real Korean and Indo-China policies; that they accomplished as far as German and Chinese security policies are concerned.

But even if some unexpected change of position should prove necessary, it would be at a major conference issue, the real result of the meeting will be measured in the effect it will have on the powers now do in fact about Europe.

Prison 'Dean'
Wins Release
On Life Term

JOLIET, Ill., Feb. 15 (AP)—State will release "Dean" of Connecticut, the man whose brutal crimes earned him the penitentiary a "life term of life." Years from today after spending 46 years behind bars.

Herbert Spry, 47, who began serving a life term for murder in July 2, 1907, planned to escape on his last day at Palmar, Alaska, in 1932, and murder another inmate, a fellow convict, in the process, according to prison officials.

Spry was sentenced for the killing of a woman in a quarrel.

During the early years of his confinement, he was a troublemaker and prisoner. He made two escape attempts in 1918 and 1920, but was caught.

plans \$5 million

Department calls the "joint supplemental communications facility," which includes the former national guard training site of Ft. Ritchie as well as the map-made across five miles from the fort, is under the defense department's jurisdiction. The land would be by all arms of the army, navy and air force—for central direction of defense and counterattack, even though headquarters at Washington might be wiped out.

ly vulnerable target for air attack, easily identifiable from the air by radar because of its stone-steel construction and its location near the Potomac river. Rayns are guaranteed landmarks on a map.

The underground Pentagon was financed through army, navy and air force funds, specifically approved after congressional testimony in private session, the spokesman said.

Agent Offers Plan to Drop Tax Returns

WASHINGTON, Feb. 11.—A new House Committee on Finance, which is expected to be organized in the near future, is expected to propose a plan to drop the requirement that taxpayers file returns with the government.

And he plans to double the number of returns now made each year, by adding 1,000 new agents a year to pick up 1 to 2 billion dollars in taxes he says the government is now missing, and check what he called a growing tide of evasion.

Twentieth Century-Fox and other plans during closed hearings two weeks ago before a House appropriations subcommittee on the agency's budget. A similar bill in the House was released Monday.

The committee said "considerable progress" has been made in the tax return under which no tax return would be required from persons whose entire income is subject to payroll withholding taxes.

Employers would file a single report, covering both income taxes and social security. The government would complete the tax and refund the taxpayer a bill or a refund.

Reduction Paper Work
That would leave only about 20 million of the nation's 85 million income taxpayers filing annual returns.

Andrews said the plan would save \$5 million dollars a year through reduced paper work and would be a step toward the social security administration.

He told the committee that the plan would be a step toward the social security administration.

He told the committee that the plan would be a step toward the social security administration.

Solon Moves For Dismissal In Conviction

WASHINGTON, Feb. 11.—Rep. Ernest K. Bramble, R. Cal., asked U. S. district court today to set aside his conviction on seven counts of flying about his office payroll.

The request was contained in a motion which also asked that, if the conviction is not overturned, Bramble be granted a new trial on the grounds of insufficient evidence and alleged legal errors during his trial.

The motion was filed with Judge William C. Clegg, who presided at the trial which ended last Tuesday when a jury of eight women and four men convicted Bramble.

The government has five days to oppose the motion. Bramble's attorney raised a legal point, which Clegg has overruled during the trial.

The lawyers contended that statements for about \$3,000 were filed with the house district office and consequently were not covered by the law under which Bramble was convicted.

The government has five days to oppose the motion. Bramble's attorney raised a legal point, which Clegg has overruled during the trial.

Demo Asking More Help to French Army

WASHINGTON, Feb. 11.—Gen. H. Alexander Smith, R. N. Y., said today that the French army needs more help from the United States.

The request was contained in a motion which also asked that, if the conviction is not overturned, Bramble be granted a new trial on the grounds of insufficient evidence and alleged legal errors during his trial.

The motion was filed with Judge William C. Clegg, who presided at the trial which ended last Tuesday when a jury of eight women and four men convicted Bramble.

Billion Pound Boost Cited in Meats for U. S.

CHICAGO, Feb. 11.—Nine states boosted their total meat production in 1935, and supplied 60 percent of the meat produced in the nation, the American Meat Institute announced today.

The institute said the figures were based on a dressweight. Iowa continued to be the nation's top meat producer, turning out 62,707,000 pounds with Illinois again second with 22,017,000 pounds.

California boosted production 13 percent, processing 1,539,890,000 pounds to take over third place from Minnesota which ranked fourth with 1,573,292,000 pounds.

The five other big meat-producing states were Nebraska—1,322,721,000 pounds, Texas—1,237,433,000 pounds, Ohio—1,068,110,000 pounds, Missouri—1,055,274,000 pounds and Kansas—1,018,212,000 pounds.

Iowa was the only one of the nine states to produce more pork than beef. California led the beef-producing state with Illinois second and Iowa third. California also led in lamb, mutton and poultry production, which Iowa was second and Nebraska third.

Texas produced more than three times as much wheat as runner-up Illinois and Wisconsin, which ran a close third.

Russ Bombers Said "Poised" in Polar Area

WASHINGTON, Feb. 15 (AP)—The magazine "Aviation Week" says more than 400 manned bombers of two new types are poised in northern Russia "across the polar ice cap from the North American continent."

Reconnaissance versions of the big planes driven by turbine-propeller engines, have made routine flights "at extreme altitude above the Alaskan and Canadian defense perimeter," the magazine says.

The authoritative McGraw-Hill publication carries pictures and performance details of the two models in its current issue. Originals of the two photographs, one showing a craft similar in appearance to the U.S. B-36 super bomber, were turned over to air force intelligence officers.

Without disclosing the source of the pictures and data, Aviation Week identified the planes as the Myushin 38 and the Tupolev 200.

The TU-200, resembling the B-36 in size, is powered by six engines. It has swept-back wings, can hit a top speed of 465 miles an hour, and can fly as high as 50,000 feet.

The II-38, a smaller, four-engine ship, was said to have a top speed of 480 miles per hour and ceiling of about 30,000 feet. Of the two, the II-38 is the newer, having had little or no previous publicity.

The performance data indicate the "poachers" would be extremely hard to intercept. The pictures showed radar installations on the undersides of the fuselage, indicating high-altitude, electronic bombing systems.

The TU-200 was said to have a range of 4,000 miles without aerial refueling. The II-38's range was given as 3,000 miles, or somewhat less than that of America's B-47 jet bomber.

The TU-200's wingspan, 235 feet, exceeds that of the gigantic B-36 by six feet and its 200-foot length compares with the B-36's 182 feet.

Scouts Honor Court Is Held

JEROME, Feb. 15—Boy Scouts of troop 56, sponsored by the Methodist church, held a court of honor Thursday night. Proceeding the ceremony, 35 Scouts and their parents were served a potluck supper in the fellowship hall.

The program included vocal selections by Raymond Ode, Jimmy Burke and Tommy White. Bobby Morris played a piano solo and Bobby Clark a trombone solo.

The investiture service was held in the church sanctuary. Guy Kennedy, scoutmaster, was in charge of the tenderfoot investiture ceremony. Invested were Vernon Luther, William Rowlands, Donald Glass, Jimmy Jensen, Hal Stolt and Duane Hawkins.

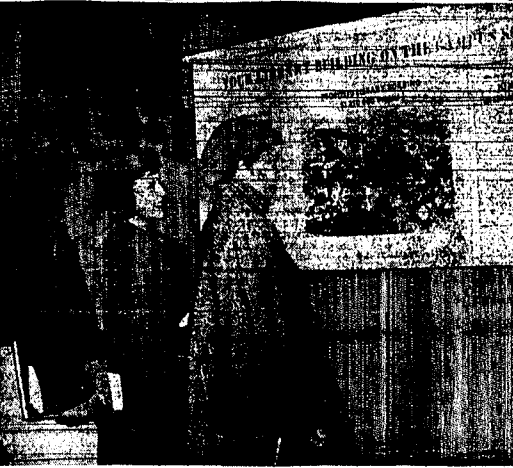

Second class awards were presented by George Jensen, field representative, to John Elter, Bob Morris, Ben Hoskins, Jerry Clubb, David Stuart, Bob Hart, Bobby Burr and Tracy Hansen.

First class awards were presented by Thomas P. Mahan, committee chairman, to Tommy Coupe, Delmar Saunders, Tommy Mahan, Don Williams, Eugene Harder, Robert Clark, Dick Hart, Wayne Walters, Wayne Sheppard and Mickey Moody. Mahan also introduced J. J. Elter, C. E. Harder and Ernest Coupe, committee members, and Harold Morris, institutional representative.

Harold Stolt, chairman of the advancement committee, presented the merit badges to Lawrence Coupe and one to Tommy Mahan.

Kennedy introduced the Rev. and Mrs. Dwight M. Wilcher and his assistant Scoutmaster, Fred Clubb.

Students Inspect Plans for Idaho Library

When architect's sketches were displayed on the University of Idaho campus last week, students got a close-up view of plans for the proposed new library building. Estimated cost is \$1,500,000. From left are Robert Drips, Twin Falls; Pauline Frothingham, Fairfield; and Helen Gahr, Boise. Funds for the library will be sought from the state, local and private sources. The architect's library has been located temporarily in the administration building since 1900. (University press service photo-staff engraving)

Judge Kept Gun at Side During Long Legal Battles Over Estate

PHILADELPHIA, Feb. 15 (AP)—A judge who heard some 350 claims to the 17 million-dollar Garrett snuff estate—one of the greatest fortune hunts in history—says he always kept a small revolver on the bench.

Judge Charles Klein of the Philadelphia orphans court revealed Sunday he kept the little gun near his hand as he heard the wild claims in one of the most involved and bitter will contests ever to come before probate courts of the United States.

The object of the fortune seekers was the large estate left by Mrs. Henrietta Garrett, widow of a wealthy snuff manufacturer, in 1930 when she died without a will. The case was ended last week.

"My association with this case has been the most trying experience of my life," Judge Klein said. "Never before have I been subjected to such abuse by neurotics and other unreasonable people who were motivated by selfish greed or self-hypnosis induced by the vision of many millions of dollars involved in this fantastic case."

Many of the claimants had shown evidence at hearings that they were suffering from hallucinations, he said. Many directed their hatred against the court.

Judge Klein was trying to prevent what actually happened in Warren, Pa., last month when a husband involved in a support case shot a judge as he sat on the bench. Police ordered the prosecution of the revolver, Judge Klein said, and they also placed armed guards in the courtroom after he took over the case in 1940.

At that time he was 30 years old. Masters had received and processed 25,000 claims from every state and 26 foreign nations.

Judge Klein finally awarded the fortune to the families of three deceased cousins—Joann Peter Christian Shaffer, Ned Matheson, Germany; Herman Krotzsch, St. Louis, and Howard Krutachman, Chicago.

Services Held for Woman in Burley

BURLEY, Feb. 15—Funeral services for Mrs. Edna Florence Nelson were held Thursday at the Joseph Payne Memorial chapel with the Rev. A. M. Thomas, pastor of the Burley Methodist church, officiating. Concluding services were held at Pleasant View cemetery.

Mrs. Kenneth Henderson was solist accompanied by Mrs. Guy Newman.

Funeralbearers were Harvey Rogers, Frank Spencer, Willard Patterson, Herman King, Russell Jensen and Ole Williams. In charge of flowers were Mrs. Russell Jensen, Mrs. Harvey Rogers, Mrs. Ole Williams, Mrs. Willard Patterson, Mrs. P. M. Thornton, Mrs. Frank Spencer and Mrs. J. H. Plank.

EXAMINATIONS SET

BOISE, Feb. 15 (AP)—The Idaho merit system council is accepting applications until March 8 from persons desiring to take examinations for conservation officer, assistant game biologist, health department bacteriologist or interpreter for the employment security agency.

French Army Routes Attacks In Indo-China

LUANG PRABANG, Indo-China, Feb. 15 (AP)—French military forces today in lightning attacks routed the rebels in the town of Luang Prabang.

One force of rebels had moved by air across the Mekong to camp at the French and Laotian defenses on the hillside across east bank of the river on which the capital is situated.

Another force of rebels attacked French defenses on the west bank of the river about six miles north of Luang Prabang. Backed by artillery and mortar fire, the French forces today routed the rebels today and the high command said both rebel forces were routed after "quite severe" battles in which both sides lost materially.

Though the red threats were thrown back, French military leaders said the new enemy tactics of infiltration and encirclement could be serious if repeated at a number of points around the city.

But the rain of Luang Prabang was not disturbed by this sudden red move.

It was heartened by word of a daring French paratroop job behind the lines of the communist 30th division near the Laotian border of the north.

The troops were dropped from U. S. B-29 bombers, transport planes. They mopped up rebel elements in the area, then regrouped to contact the right flank of the 30th division and harry its over-extended supply lines.

Oil Unions of U. S. to Unify

PHILADELPHIA, Feb. 15 (AP)—A score of the nation's big oil unions opened a special meeting today in an attempt to form a unified organization strong enough to bargain with North American oil companies on an industry-wide basis.

The drive was called by Maynard Sands, president of the Independent Central States Petroleum Union, which represents employees of Standard Oil of Indiana and its subsidiaries.

Sands indicated that delegates to the session will attempt to organize at least 50,000 oil workers in the United States and Canada.

The drive, he said, will be aimed at three categories of workers: refinery and petroleum workers, including pipeline and marine oil workers.

He said it was "time the independent unions quit being sitting ducks." He added that his group will strive for a union in the oil industry as strong as those of the National Association of Manufacturers and the Chamber of Commerce of the United States.

Tribute Is Paid to Francis A. Burch

BURLEY, Feb. 15.—Funeral services for Francis A. Burch were held Wednesday at the McCulloch-Burley funeral home chapel with LDS Bishop Morris Barker, officiating.

Mrs. Ethel Burch played the prelude and postlude. The prayer was given by Wade Barker, Wallace Barker and Mrs. Ranelle Crane sang. Graveside prayer at Gem Memorial garden was given by Raymond Burch.

In charge of flowers were Mrs. Violet Barker, Mrs. Jennie Thompson, Mrs. Beverly Collins, Mrs. Lola Barker, Mrs. Donna Call and Mrs. Anne Gerrish.

Plans Completed

SHOEBORNE, Feb. 15.—Committee appointments were made at a meeting of the high school PTA this week and plans were made for transportation to the Jerome PTA square dance party Tuesday night.

Both PTA and PFA members of both schools will attend. Evelyn Horn, Marjorie Bollinger and Charlie Kinsey were appointed to the nominating committee and Irene Denaka, degree chairman, appointed Janet Bate, Janet Peck, Marjorie Bollinger and Arlene Kerner to her committee.

Boy Wounded

BOISE, Feb. 15 (AP)—Marley Little, 14-year-old son of Mr. and Mrs. Preston Little, Boise, was in "fair condition" today after he was hit by a stray 22 caliber bullet while hunting rabbits near Bear.

Ada county deputy sheriffs who investigated the accident said the boy was hunting with four companions yesterday and he was hit when several of the others fired at a rabbit.

CLUB MEETING
MILNET, Feb. 15.—The Milnet-to-4-11 club met Friday evening at the home of Mrs. James Harcup.

Mrs. Edwin E. Harcup, leader, received a gift from last year's club members. Ruth Barget received birthday gifts.

"Y' Heard Me—Tea and Crumpets"

Salesmanship Is Cure for Ills Of U. S., Says Man of Success

By HAL BOYLE

NEW YORK, Feb. 15 (AP)—"If you're living, you're excited," said John William Rollins, "and if you aren't excited, you aren't living."

Life is getting more exciting all the time for Rollins, who learned to milk a cow at the age of 4 and now, at 37, is lieutenant governor of Delaware.

Sands indicated that delegates to the session will attempt to organize at least 50,000 oil workers in the United States and Canada.

The drive, he said, will be aimed at three categories of workers: refinery and petroleum workers, including pipeline and marine oil workers.

He said it was "time the independent unions quit being sitting ducks." He added that his group will strive for a union in the oil industry as strong as those of the National Association of Manufacturers and the Chamber of Commerce of the United States.

BURLEY, Feb. 15.—Funeral services for Francis A. Burch were held Wednesday at the McCulloch-Burley funeral home chapel with LDS Bishop Morris Barker, officiating.

Mrs. Ethel Burch played the prelude and postlude. The prayer was given by Wade Barker, Wallace Barker and Mrs. Ranelle Crane sang.

Graveside prayer at Gem Memorial garden was given by Raymond Burch.

In charge of flowers were Mrs. Violet Barker, Mrs. Jennie Thompson, Mrs. Beverly Collins, Mrs. Lola Barker, Mrs. Donna Call and Mrs. Anne Gerrish.

GOP Leader Sees Approval of 'The NLRB Nominee

WASHINGTON, Feb. 15 (AP)—Senate Republican leader William F. Knowland today said he is confident the senate will soon confirm his appointment of Albert G. Benson to the national labor relations board.

Democratic members of the senate labor committee, who contend that Benson's business life raises doubts about his impartiality, have served notice they will fight the confirmation on the senate floor.

The White House has been telephoning senators urging them to support the nomination.

Knowland told reporters the matter came up for discussion at Mr. Eisenhower's weekly meeting with GOP legislative leaders today. He said he told Mr. Eisenhower he expected the senate to confirm Benson by the end of the week.

Knowland said he anticipated some Democratic opposition, but was confident enough votes would be mustered to approve the appointment.

Isotopes Cited as Key Contribution

IDAHO FALLS, Feb. 15 (AP)—L. E. Johnston, manager of the Idaho operations of the Atomic Energy Commission, today declared Monday that the most important contribution of the development of atomic energy to peacetime welfare.

He told the annual convention of the Tri-State Society of Carbonated Beverage Manufacturers today that the AEC had made 42,000 shipments of isotopes for industry, medicine and agriculture since 1946.

Johnston said the isotopes are being used in cancer research and treatment and for the development of better plant foods and materials.

He added, "As useful as isotopes already are, we have hardly begun to scratch the surface of what is possible by realizing their ultimate potentialities is concerned."

Group Forms on Coast to Battle Death Sentence

LOS ANGELES, Calif., Feb. 15 (AP)—A citizens' committee has scheduled an emergency meeting March 14 in an effort to save a San Quentin prisoner condemned to die in the gas chamber because he was a communist.

The convicted, Wesley Robert Wells, is scheduled to die April 5, a life term under California law.

Wells, 34, was arrested in 1942 for the death penalty.

Two members of the state attorney general's office, a committee panel headed by the citizens' group, they are Dr. Marcel Prym, a professor at the University of Southern California, and the Rev. Arthur A. Peters of the Victory Baptist church.

Prym and Peters said they will solicit the opinion of the California audit authority as a step in getting a collective law of the state term.

Dr. Prym said he had been the victim of "racial hatred and legalistic red tape" that has robbed him of his "consideration due a human being."

Dr. Prym said he had been the victim of "racial hatred and legalistic red tape" that has robbed him of his "consideration due a human being."

Attorney Attacks Smyle's Opinion In Indigent Help

LEWISTON, Feb. 15 (AP)—Wynn Blake, New York county prosecutor, disagreed today with Atty.-Gen. Robert E. Smyle on definition of the word "indigent" in the law which deals with county medical aid.

Smyle said in Lewiston Friday that county commissioners have "a most total discretionary authority" in administering medical assistance.

He defined the word "indigent" as referring to persons with insufficient means to pay for the aid they need after providing for dependents.

Blake had told the doctors that the county already was providing all the assistance the law allowed.

Jimmy Douglass Tops Field Of 38 to Capture Combined Honors in Junior Ski Race

Jimmy Douglass, Twin Falls, topped a field of 38 contestants Sunday to take combined honors in the junior invitational ski race.

The two-day affair at Magic Mountain was sponsored by the Magic Mountain Ski club. Douglass edged out Stan Harwood, McCall, by a mere two points after coming up with a sprained ankle the second time through the slalom course.

Douglass easily won the downhill on Saturday and was five seconds ahead of the McCall ace in the first slalom run but lost ground in the second to give the slalom trophy to Harwood.

Landy Not to Blame in Alibi, Writer Says

By GAYLE TALBOT

NEW YORK, Feb. 18 (U.P.)—It is a good deal less than fair to criticize John Landy, the superb Australian distance runner, because some sort of alibi always comes creeping across the Pacific every time he fails to run a mile in four minutes.

The alibi seldom comes from Landy himself. The trouble is that the Australian people, especially the "avid" race fans, are so terribly anxious that one of their own should win the distinction of cracking the historic four-minute barrier that their disappointments shows through each time Landy misses.

In his latest try at Sydney, the Aussie star was clocked in 4:00.6. He was running on grass, which is conceded by track authorities to be somewhat slower than specially prepared surfaces. Only a few years ago the time he set would have been a new world record.

Yet it was marred for American enthusiasts by the dispatch which appeared from the start that Landy had been forced to make his run against a "head" wind, and which quoted the opinion of an Australian track official that this unusual wind added "six to seven seconds" to the runner's time. Let's face it: This was being slightly ridiculous.

There is no questioning that such a dry, hot wind as blows in Australia at this time of the year is handicaps to a mile runner. Landy runs under such conditions at Melbourne last year, and it was obvious that he was fighting the wind in the final sprint for the tape, when he was tired, cost him some yards.

But as it also was obvious that the track was so hot and shaped and that Landy must have had the same dust-laden breeze at his back a good part of the race, the suggestion that he had been robbed by a head wind. It was only noted that conditions were poor and that Landy's time undoubtedly suffered.

That, we believe, is what the public would have preferred to read this time. It is no disgrace not to have run a four-minute mile—not yet, anyway.

In the girls' competition, DeeDee McBride, McCall, placed well ahead of the other feminine skiers for the combined title. In second position was Miltie Gerish, Twin Falls.

A total of 18 men and nine women took part in the two-day event. They represented top skiers from Boise, Pocatello, McCall, Ashton, Burley, Rupert, Twin Falls and many other southern Idaho towns, including Valley, Hetchum and Sun Valley.

Roger Roche, 13-year-old Pocatello skier, captured third spot in the slalom race followed by Bill Thompson, McCall, in fourth spot and Brent Thompson, McCall, fifth. Sharon Kistler, McCall, placed second behind Miss McBride in the girls' slalom event with the girls running one course only.

Miltie Gerish was third. Shirley Phelps, Ashton, fourth and Janet Kevie, Boise, fifth.

THE RESULTS
1. Jim Douglas, Twin Falls, 14 points.
2. Stan Harwood, McCall, 16 points.
3. Roger Roche, Pocatello, 22 points.
4. Bill Thompson, McCall, 23 points.
5. Bob Parkinson, Ashton, 24 points.
6. Sharon Kistler, McCall, 25 points.
7. Brent Thompson, McCall, 26 points.
8. Gary Harter, Rupert, 27 points.
9. Eddie Ward, McCall, 28 points.
10. Nick Fox, Pocatello, 29 points.

Girls' Combined Time as Two Races—
1. Stan Harwood, McCall, 22.4 seconds.
2. Jim Douglas, Twin Falls, 23.4 seconds.
3. Roger Roche, Pocatello, 24.4 seconds.
4. Bill Thompson, McCall, 25.4 seconds.
5. Bob Parkinson, Ashton, 26.4 seconds.
6. Sharon Kistler, McCall, 27.4 seconds.
7. Brent Thompson, McCall, 28.4 seconds.
8. Gary Harter, Rupert, 29.4 seconds.
9. Eddie Ward, McCall, 30.4 seconds.
10. Nick Fox, Pocatello, 31.4 seconds.

Slalom—Top 10—
1. Dee McBride, McCall, 52.4 seconds.
2. Sharon Kistler, McCall, 53.4 seconds.
3. Gary Harter, Rupert, 54.4 seconds.
4. Brent Thompson, McCall, 55.4 seconds.
5. Bill Thompson, McCall, 56.4 seconds.
6. Roger Roche, Pocatello, 57.4 seconds.
7. Stan Harwood, McCall, 58.4 seconds.
8. Jim Douglas, Twin Falls, 59.4 seconds.

Pocatello Skier Takes Fast Turn

Roger Roche, Pocatello skier, shows the form that enabled him to capture third spot in the junior invitational ski race Sunday. Jimmy Douglass, Twin Falls skier, topped combined honors in the two-day meet sponsored by the Magic Mountain Ski club. (Staff engraving)

Oregon State Leads Northern Loop; Cal, UCLA Tied for Top in South

SAN FRANCISCO, Feb. 14 (U.P.)—The Northern division lead in the Pacific Coast basketball conference was back at Oregon State college today while California shared its season-long mastery of the Southern section with the Bruins from UCLA.

Cal relinquished the spotlight after losing two week-end games to UCLA in the latter's court at Westwood. Oregon State moved out in front by splitting two games as Oregon was defeated twice.

OSC beat Washington 70-47 Friday night but slowed down Saturday evening and was edged out 51-47. Washington led by two points in the final minutes of Saturday's game and OSC committed five fouls attempting to gain possession of the ball. The Huskies scored six points on the free throws as OSC cut the victory margin down to four points.

In games this weekend, Washington plays Oregon at Seattle while OSC plays Washington State at Pullman.

Although rated among the top teams in the nation, California was handed a resounding 82-54 defeat by UCLA Friday night and was defeated 71-62 in a close game Saturday.

Saturday night, UCLA had its hands full with the Bears and didn't pull out in front until the last four minutes of play. The contest was close all the way with no more than three points separating the two teams until the end when UCLA scored 19 points to take honors while Bob Matheny, Bear guard, tallied 18. UCLA plays Stanford in Palo Alto this weekend while Cal travels to Los Angeles again for two games with USC.

Stanford's Russ Lawler was high point man for the game with 24 and USC's Dick Hammer and Roy Irvin each had 18.

Neil Worden holds the Notre Dame record for scoring the most touchdowns in a three-year career. Worden tallied 29 times.

Twin Falls, Boise Battle Friday to Decide Big Six

The Twin Falls Bruins, leading the league after long uphill battle, meet Boise high school in Twin Falls Friday night in the final Big Six game of the year that will determine the title.

Twin Falls will be shooting for its eighth straight win. The Bruins topped off their drive to victory Friday night and following up with a 70-51 decision over Idaho Falls Saturday.

Boise remained within distance of the title by defeating Caldwell, 54-31, Friday night.

The Bruins now have a record of seven wins and two losses. If they win Friday night, they will have won the title.

Caldwell wound up its season last week and other teams will complete their schedules Saturday. Caldwell plays at Emmett Tuesday and finishes with a home game against Nampa Saturday. Twin Falls hosts Sturley Tuesday before its big game with Boise.

Pocatello enters Rexburg Wednesday night and South Fremont travels to Idaho Falls Saturday. All but the Boise-Twin Falls game are non-conference tilts.

Coach Blames Colleagues for Hoop Fouling

ST. LOUIS, Feb. 15 (U.P.)—Little Ed Hickey, long a student of the game, thinks it's high time he and his fellow coaches do something about excessive fouling in college basketball.

The veteran St. Louis university coach lays the problem right in the laps of the coaches, because, says Hickey, it's the coaches who have caused the problem.

"There's no doubt," charged Hickey, who is president of the National Association of College Basketball Coaches, "but that present day defense coaches' strategy on intentional fouls to prevent the other team from gaining an advantage with the possibility of a field goal or a foul for the chances of scoring two themselves by gaining control of the ball after the free throw attempt."

Under a plan drafted for submission to the coaches at their Kansas City convention next month Hickey would allow a player to remain in a game no matter how many personal fouls he collected. But the player's fourth and succeeding fouls would be termed "excessive fouls" and the player would be suspended for the remainder of the game.

An "excessive" foul in Hickey's book would permit the offended player as many as three free throws. At the least he would receive two strictly unofficial because, being done in a race, it was done from a running start. Eastern estimated that fouls would have clocked "about 4:03" from the regular standing start.

Washington State Takes Ski Honors

EMIDA, Feb. 16 (U.P.)—Washington State college took top honors in the combined Northern division and Washington State college also met retaining its edge over Idaho by a hair.

The two-day meet ended with the Cougars totaling 322.58 points in the Northern division meet—329.65 for Idaho—and 330.67 in the invitational event, in which Idaho tallied 335.37.

Report Flays Emphasis for School Sport

ATLANTIC CITY, N. J., Feb. 18 (AP)—Many bouquets and a few brickbats Sunday greeted an educational report calling on U. S. public schools to cut out the carnal aspects of their athletic programs.

The 116-page report—three years in the making—was presented here at the annual convention of the American Association of School Administrators.

The far-reaching report indicted the "bad practices that harm athletes in too many American schools today." Those include "pampering athletes, whipping up student frenzy before games and exploiting athletic competition as a 'good show' to be sold to the public as vaudeville."

The Educational Policies commission, a group of leading educators who wrote the report, did not attack athletics as such. On the contrary, they made it clear "that the experience of playing athletic games should be a part of the education of all children and youth who attend school in the United States."

It should be a part of education, but not an all-out dominating part, they said.

The commission fired its heaviest criticism at post-season tournaments and recommended that high schools abolish them.

Exchange Student Speaks to Grange

BUHL, Feb. 18.—Eberhard Rietz spoke at the meeting Friday night at the Grange hall. Rietz is a German exchange student, is a senior at the Grangeville high school. He is sponsored by the national Grange and is a member of the Grangeville Grange.

Joyce Barnes presented two of her students who sang. Shirley Poulter sang, accompanied by Lorraine Bell and Linda Leith was accompanied by Mrs. Leonard Leith. Mrs. Elva Mason read an article in observance of Lincoln's birthday. Refreshments were served by Mr. and Mrs. J. Roy Haley and Mrs. Ethel Bonar.

Decline Reported in Jobless Claims

WASHINGTON, Feb. 18.—The government reported today that new claims for unemployment insurance benefits dropped slightly last week for the fourth week in a row but were still 52 per cent above a year ago.

The labor department said 364,400 new jobless claims were filed during the first week of February, a drop of 13,000 from the previous week. It said the largest decline was reported in the south and Washington State.

The total of new claims filed last week compared with 468,878 during the first week of January—the highest since the end of World War II.

Snowslide Blocks U. S. Highway 40

VERDI, Nev., Feb. 18 (AP)—Transcontinental highway traffic was blocked on highway 40 today by a huge earth and snow slide that buried the road about 500 yards east of the Nevada-California line.

Nevada highway officials said the road will be closed "for at least five days."

Heavy bus and truck traffic from California to Nevada was routed over the Feather river route, California Highway 24. Other traffic was detoured from Truckee around Lake Tahoe to connect with highway 50 into Carson City.

Southern Pacific railroad tracks have been cleared.

Boisean Leaps to Safety From Jet

SPOKANE, Feb. 18 (AP)—Capt. Edward C. Blain, Boise, bailed out of his F-100 Sabrejet fighter just before the plane crashed south of Geiger air force base Saturday afternoon.

Col. Andrew J. Reynolds, base commander, said Blain was attached to the 44th Fighter-Interceptor squadron. Reynolds said the pilot was flying at an altitude of 10,000 feet when a warning device in the plane flashed on.

Blain jumped and landed safely, receiving only a few bruises about the head.

Lewiston Traces Epidemic Source

LEWISTON, Ida., Feb. 18 (AP)—State public health officials said today they have traced the recent outbreak of infectious hepatitis that affected school children at Lewiston.

The officials said the outbreak stemmed from two families in Kootenai who refused to be hospitalized when an epidemic hit their community last fall.

At least 14 Lewiston pupils were stricken with the liver disease.

Revenue Chief Asks Academy To Train New Tax Collectors

WASHINGTON, Feb. 18.—Internal Revenue Commissioner T. Coleman Andrews has asked congress for \$400,000 to start a special academy to train 1,000 new tax collectors a year.

In secret testimony before a house appropriations subcommittee made public today, he said the training program is a "must" to help get the scandal-ridden tax-collecting agency back into efficient operation.

He proposed establishing an "academy" for tax collectors by contract with a university similar to Rutgers university's training for banking personnel. He suggested that government eventually build a dormitory and classroom building.

Andrews wants to get 250 trainees started in classes this fall. He said the cost of that and of the 500 new revenue agents for the fiscal year beginning July 1 would be paid for out of savings from economies already put into effect.

The bureau asked for 255 million dollars for the new fiscal year, the same as for the current year. Testimony also revealed:

1. The bureau has about 7,800 revenue agents, more than 800 short of the authorized strength. Andrews said the bureau must eventually double its number of agents, adding 1,500 new ones a year.

2. Districts are authorizing seizure of property for failure to pay taxes are at an all-time high of 1,388,000—involving unpaid taxes of \$81,907,534.

3. "Many" of the 600,000 Americans living overseas are failing to pay taxes. One case involves a tax bill of between five and 10 million dollars, he said.

4. Most frequent "error" found by the bureau in tax returns last year was "overclaiming of the personal exemptions of dependents."

Eisenhowers Slate Holiday In California

WASHINGTON, Feb. 18.—President and Mrs. Eisenhower plan to fly to California Wednesday for a 10-day vacation at the Palm Springs ranch of Paul G. Hoffman.

Only some new development or snag in the senate's consideration of the Bricker amendment could delay the trip.

The President's present plans call for a hard two days work today and tomorrow to clear the decks for his stay in California.

Mr. Eisenhower returned to the capital last night after a relaxing week-end of "quail hunting" in Thomaston, Ga., at the plantation of Treasury Secretary George M. Humphrey.

The White House staff has been aware of the plans for the California trip for some time but has tried to keep them secret. Secret service and signal corps men are reported already in Palm Springs laying the groundwork for the visit.

From the California desert resort came word that James O. Hagerly, presidential press secretary, and other members of the White House staff will fly to Hoffman's "quail ranch" on Tuesday, a day before the chief executive and Mrs. Eisenhower.

Jerome Jaycees Plan Annual Sale

JEROME, Feb. 18.—Jerome Jaycees will hold their annual spring machinery sale Wednesday. The sale will start at 12:30 p. m. at the Jerome auction center one mile west of town, Ross Peterson and Dwight Johnson, co-chairmen, report.

Peterson said equipment for the sale may be brought to the center prior to the sale and a man will be on hand to take care of it. The Jerome Jay-C-Ettes will provide lunch at the grounds during the sale.

The Jaycees say a six per cent commission on all sales. This will be used for community projects. Harold Kline, Jerome, will be the auctioneer. Also assisting with the project are G. Ray Newman, Frank Stewart, Gene Wood, Wayne Thompson and Jack Thompson.

Day Is Celebrated 'By Lucerne PTA

BUHL, Feb. 18.—Founders day was celebrated at the meeting of the Lucerne PTA Friday night at the Lucerne school.

Connie Karel and Barbara Karel sang the PTA church prayer accompanied by Mrs. Darrell Parker at the piano. Mrs. Floyd Jones gave a reading on the origin of founders day and Mrs. Wilson Miller praised the two women who were the originators of PTA. Mrs. A. Irving was program chairman.

Immediately following the program basketball games were played between the mothers and daughters and the fathers and sons. Refreshments were served under the direction of Mrs. Roy Sticklan.

Officers will be elected at the meeting on March 12.

Funeral Slated

SHOSHONE, Feb. 18.—The body of Jens Jorgensen, Dietrich, who died last week, has been sent to Eugene, Ore., for funeral services and burial.

Now Offer the Beautiful KAISER

LINE OF FINE PASSENGER CARS AND THE LOW-PRICED HENRY J

This is a proud day for us. It is also a significant day for the motoring public in this community. For now we also can serve you with the beautifully styled KAISER and the sensibly, sprightly low-priced HENRY J.

Complete service facilities for Kaiser owners have been installed, and we cordially invite you to visit these headquarters for your every motoring need.

We shall continue to sell and service the famed Aero Willys line of passenger cars, commercial and utility vehicles, 4-wheel.

drive Station Wagons and Trucks, and the one-and-only Universal 'Jeep'. These unbeatable and unduplicated products are known 'round the globe for sturdiness, value and economy.

With this move, we become part of the Kaiser-Willys expansion program and a member of one of the nation's largest independent dealer organizations. This is a proudest accomplishment and a sobering responsibility. Now—we can serve you better than ever before. Won't you visit us soon?

WITH GREATER RESOURCES FOR GREATER SERVICE

U. N. Reports Poor Outlook On Newsprint

UNITED NATIONS, N. Y., Feb. 18 (AP)—The world of tomorrow must seek its newsprint in areas which today cannot produce even their own minimum requirements.

That was the main conclusion of a 189-page report on the critical world newsprint shortage, prepared by the intelligence unit of "The Economist" of London.

Entitled, "Paper for Printing, Today and Tomorrow," the report was made public last night as a joint presentation of the United Nations educational, scientific and cultural organization and the food and agriculture organization.

The report said future development of newsprint mills should not be limited by the availability of coniferous pulpwood, the preferred raw material. It pointed out that it is feasible to utilize such substitute fibers as bagasse (sugar cane waste), bamboo, straw and pulp wood from tropical forests.

In making a comparison of present and future needs, the report noted that the world used 31 million tons of wood pulp in 1960, whereas it will need 80 million tons in 1980.

Therefore, the report said, "The only effective solution lies in the development of pulp and paper mills in countries now exposed to the hazards of having to import the whole or the bulk of their newsprint and printing paper, and which

fall far from secure even the requirements."
